PARTNERSHIP OVERVIEW · TURNKEY ORTHODONTIC SPECIALTY INTEGRATION

Unlock Hidden Operatory Production with Zero Administrative Drag

SmileFit Solutions embeds a full-service, specialized orthodontic track directly into host pediatric and general dental offices. We handle 100% of the clinical specialization, software, staffing, and billing, turning low-utilization operatories into a new revenue stream for your practice.

FULL-SERVICE CLINICAL CAPABILITIES

1 — AGES 7–11

Phase 1 Interceptive Care

Early growth guidance: palatal expanders, space maintainers, habit appliances, and early partial braces.

2 — TEENS & ADULTS

Braces with Digital Indirect Bonding

Precision-guided fixed bracket placement (DIBs), enabling rapid placement and minimal chair time.

3 — SIMPLE TO COMPLEX

Comprehensive Clear Aligners

Full digital aligner therapy integrated with host scanners, for simple to complex Class II/III malocclusions.

WHY PARTNER WITH SMILEFIT SOLUTIONS?

Zero Financial Overhead

No capital outlay for specialized supplies, digital software, bracket inventory, or auxiliary payroll.

Zero Front Desk Friction

Our dedicated administrative team manages 100% of orthodontic scheduling, insurance, intake, and collections.

Total Family Retention

Stop losing valuable Phase 1 and teen ortho cases across town. Keep siblings and parents tied to your hygiene chairs.

OPERATIONAL DIVISION OF RESPONSIBILITIES

SMILEFIT SOLUTIONS PROVIDES

- ✓ Board-certified orthodontic specialist and trained auxiliary team
- ✓ Specialized brackets, wires, expanders, and aligners
- ✓ Complete cloud billing, financial agreements, and collections
- ✓ Turnkey patient marketing and treatment follow-up

HOST PRACTICE PROVIDES

- ✓ 1–2 unused operatories on 1–2 designated days per month
- ✓ Basic chairside utilities and a warm welcome at reception
- ✓ Internal referrals from hygiene and recall
- ✓ A shared commitment to practice growth and excellence

Low-Risk 90-Day Operational Pilot

Test the partnership with a zero-friction trial of 1–2 clinic days per month. See the production boost firsthand before committing to a long-term schedule.

90	1–2	$0
day pilot	days / month	capital outlay
